N.V. EnergieBedrijven Completes Phase 1

Paramaribo, Suriname and Toronto, ON. August 2018 | N.V. EnergieBedrijven Suriname (EBS) - a public company responsible for the generation, transmission, and distribution of electricity for over 500,000 citizens of the country of Suriname – has completed phase 1 of their integrated solution implementation.

EBS contracted with Harris Computer Systems for an Enterprise Resource Planning solution. Cogsdale Corporation is providing Financials and well as Work and Asset Management, while Advanced Utility Systems is implementing their CIS solution.

Harris focuses on creating a customer for life and experiences that will ensure this goal. Harris and its business units are committed to offering the best value and often work collaboratively to ensure clients have the best service. Cogsdale and Advanced are committed to offering the best customer service experience by partnering to provide a fully integrated ERP using Cogsdale's financial and work and asset management solution with Advanced's customer information system. The solution meets the needs of EBS to guarantee their growth and success in the future.

Cogsdale's team kicked off the project in October 2016 and worked diligently to implement the ERP solution. Casey Dowd, Director, Sales and Marketing said: "Thank you to the teams at EBS and at Cogsdale, the combined teamwork was impressive and resulted in a successful implementation and go live. We are committed to ensuring the success of EBS and will continue working through the next phase of Work and Asset Management."

About Cogsdale and Harris

Cogsdale has been delivering powerful integrated information solutions since 1997. The Cogsdale solution offers a best-of-breed customer information system on an integrated platform that also includes: financials, distribution, utility billing, customer management, work management, project management, and procurement. Cogsdale extends the suite to include functionality such as: interactive voice response, document management, payment kiosks and online credit checks.

Harris is a leading provider of financial management and Customer Information Systems (CIS) software solutions. Since 1976, Harris has focused on providing feature-rich and robust turnkey solutions to all levels of local government as well as public power and water markets throughout North America. Harris' focus is on creating long-term relationships with our customers and ensuring that we meet the changing needs of our customers over time.
